🌐 Portfolio

Summary

Java Backend Developer with **3 years** of experience in **Spring Boot**, **Microservices**, **REST APIs**, and **SQL**. Skilled in designing scalable backend systems, optimizing queries, and delivering high-performance applications. Proficient in **Java 8** features like **Lambda expressions**, **Streams API**, and **Optional** for clean, efficient code.

Profile

- Designed and optimized backend systems using **Java (Java 8)** and Spring Boot, improving performance and scalability.
- Implemented microservices architecture, API Gateway, Service Discovery, and scalable service design.
- Optimized SQL queries, achieving a 20% improvement in database performance.

Core Competencies

- **Backend Technologies:** Java (Java 8), Spring Boot, Hibernate, JPA, REST APIs, Spring Security
- **Database:** MySQL, SQL.
- **Microservices:** Microservices architecture, API Gateway, Service Discovery, and scalable service design
- **DevOps & Tools:** Git, Postman.
- **Testing:** JUnit, Performance Optimization

Experience

Senior Analyst

Capgemini – Pune, Maharashtra

March 2022 – March 2025

- **Project: E-Commerce Payment Gateway**
 - Developed a secure payment gateway system supporting multiple payment modes.
 - Implemented transaction management, refund processing, and fraud detection mechanisms.
 - Optimized API response time, improving payment success rates by 15%.
- **Project: Help Desk Ticketing System**
 - Developed a Help Desk Ticketing System for managing customer support requests.
 - Implemented role-based access control for customers and support agents.
 - Designed REST APIs to efficiently create, track, and close support tickets.
 - Optimized SQL queries, improving system performance by 25%.
- **Project: OnboardHQ (Onboarding Headquarters System)**
 - Designed high-performance web apps using Java, Spring Boot, Hibernate, and REST APIs.
 - Implemented microservices architecture and secured authentication with JWT and Spring Security.
 - Reduced backend query load by 25%, optimizing MySQL performance.

Education

Master of Computer Applications (MCA)
Bachelor of Computer Applications (BCA)

Rajiv Gandhi Prodyogiki Vishwavidyalaya
Acropolis Institute of Management Studies and Research

Certifications

- **Java Programming Certification - Udemy**
- **Spring Boot & Microservices - Coursera**
